OLD ENGLAND IS FULLY PREPARED

Russia Withdraws Protest. London, March 10.—[Special]—Russia has withdrawn her protest to China's acceptance of terms for an extension of the Nue Chwang railroad by England and the crisis in China is over for the present.

London, March 10.—Once more the aggression of rival powers seeking plunder in the far east has reached the point where a collision is inevitable unless either Russia or Great Britain abandons openly its declared purpose.

The last time it was Lord Salisbury who beat a retreat under similar circumstances, to the unspeakable humiliation of a majority of his supporters. There is no sign of his yielding thus far in the present crisis; on the contrary, his attitude is as aggressive as it was in dealing with France on the Fashoda question.

The point on which the situation hinges is not intrinsically vital, but Great Britain is evidently determined to make it decisive of the fate of the Chinese empire. In other words, Great Britain proposes to make a stand now in defense of her interests in the far east, as well as in Africa.

The definite abandonment of the open-door policy in favor of that of spheres of influence, which means the partition of China, has not yet been avowed, but official acts and language all indicate such a decision. The announcement in the house of commons that Great Britain supported the Italian claim for Chinese territory scarcely admits of any other interpretation.

The British determination to force an immediate issue with Russia does not, however, make war inevitable, or even so probable as many believe. Russia realizes her own unreadiness, and the French paralysis is even more clearly defined than it was a year ago. The chances are, therefore, that it will be the czar who will withdraw as soon as he is convinced that Lord Salisbury really means what he says. It is not unlikely that a virtue will be made of necessity and that the Russian emperor will make a graceful concession as an earnest of his professed love of peace.

Trouble on the Alaskan Life.

Washington, March 10.—Word has been received that a collision is imminent between American and Canadian miners in the Porcupine river field on the Alaska life. The cause of the trouble is the encroachment of Canadian miners on American territory. The Canadians claim the land, and declare they will oust the Americans. The latter insist that they are within the territory of the United States, as shown by official surveys. Both sides are determined, and as they are armed, there may be a conflict at any moment.

TRANSPORT GRANT ARRIVES AT MANILA

DEWEY READY TO STRIKE

Every Vessel of His Fleet Will Be Placed in Action.

Manila, March 10.—Admiral Dewey will put his entire fleet in action, now that the Oregon is approaching these shores, patrolling the coast of Luzon and supporting the forces which will be sent to take all the islands. He and Gen. Otis will hoist the flag everywhere in the archipelago for moral effect and to prevent any European power from attempting interference. They will undertake to treat peacefully with the Mohammedan sultans of Mindanao and the Sulu islands. It is probable that the sultan of Mindanao will swear allegiance, as he did to Spain twelve years ago. Determined resistance is expected in the Sulu islands. The insurgents are still receiving cable reports from America that the United States government will yield to them.

Gen. Rios, the Spanish commander, said: "As soon as the American army occupies the center of Luzon, Aguinaldo will be powerless and the war will collapse. The American generals should be able to control the situation within three months, if their forces are aggressive."

NO ALARM IS FELT.

Washington. Officials Doubt Story of Dewey's Illness.

Washington, March 10.—The stories that Admiral Dewey is breaking down are again coming to alarm the country. The strangest thing about these reports is that they do not come from Admiral Dewey. He of all men, the one who ought to know, has been silent. And this, too, in the face of a direct invitation from the president to come home if he thought the strain at Manila was telling on him.

Two months ago this message was sent to him, and his reply was that he was all right and did not want to come home until his work at Manila was finished.

Official records in the navy department show the admiral to be in his usual health.

CORDELIA POIRIER AND SAM PARSLOW PAY PENALTY.

The Crime Committed Was the Murder of the Former's Husband—Woman Was in Love With Parslow—Urges Him to Kill Her Husband.

St. Sholastique, Que., March 10.—[Special]—Cordelia Poirier and Sam Parslow were hanged here this morning for murdering the former's husband. The woman was in love with Parslow and urged him to kill her husband. A few days before last Thanksgiving the three were drinking at the Poirier home. Poirier fell asleep and while in that condition the woman gave her lover a knife and told him to kill her husband. Parslow refused, whereupon the woman plunged the blade into her husband's throat. After the arrest they both confessed. They were hanged on the same scaffold back to back, with a heavy black curtain between them.

The jail yard was full of people and a great mob outside tried to batter down the prison gates. Shots were fired on the outside, which were answered by the police on the scaffold.

The woman met her fate bravely, but Parslow had to be carried to the scaffold steps unassisted by the coarse of the crowd who looked on.

MANY MILLS COMBINE.

Capital of the New Iron Trust Will Be \$50,000,000.

Chicago, March 10.—A dozen or more men, representing thirty-four iron mills in Pennsylvania, Ohio, Illinois, Indiana, Michigan, Alabama and other states, left Chicago Wednesday night, after a two days' session, having come to a practical understanding as to the formation of a new iron trust.

The thirty-four mills represent about all that remain after the formation of the Federal and National Steel companies. It is a sort of gleanings of the field, a gathering up of the fragments and tag ends. The tag ends, however, will in the new company represent something close to \$20,000,000. That is the figure which is given as a conservative capitalization for the combination.

HEART FAILURE

has often been styled the cause of death in persons who have long lingered in disease. The amazing work which the heart regularly performs would certainly pre-suppose its breaking down. The most active climber can raise himself 1000 feet in an hour, the best locomotive 4000 feet and the heart 20,000 feet. To preserve its energies in full glow and force, Fabst Malt Extract, The "Best" Tonic, will act as an effective and practical fuel. No steam without fire. No energy without food. No staying power without rich supplies of blood. The heart is the great engine of the body. Keep it going, steadily, easily, persistently, unto a ripe old age.

Philadelphia, Pa.

I have used your Malt Extract where a "Best" Tonic seemed to be indicated, and the results have proved quite satisfactory. Where a malt preparation is required, I shall not hesitate to suggest the use of your preparation.

Clinton

Clinton, March 10—The party given by Mr. and Mrs. James Winegar to a few select friends on Tuesday evening of this week, was an unusually pleasant affair. An observation test which was a novel feature of the occasion, consisted in enumerating correctly twenty-five common articles which the guests were allowed to inspect for a few moments only. No one succeeded in listing them all and the prize, a box of chocolate creams was confiscated by the company. Refreshments were then served after which all enjoyed the graphophone entertainment given, through the kindness of Mr. Bradt. Mrs. James Irish is still quite sick. Mrs. C. L. Sherwood has been the guest of friends here lately. Joe Moriarity, who was in the employ of the livery stable here for a number of years, has removed his family to Elkhorn. F. B. The King's Daughters will have charge of the service at the Congregational church next Sunday evening. R. W. Cheever attended the annual meeting of the state press association recently held in Madison. The well drillers think they have obtained a sufficient supply of water, and of satisfactory quality. They need a larger pump to test it thoroughly. It is sincerely hoped that this long projected job is about to be completed. It has been very expensive both for the village and the contractor. This town is beginning to take rank as a tobacco market. A number of carloads of the weed in bundle have been shipped from here lately. The subject of the sermon at the M. E. church next Sunday morning is, "Paul, the Missionary." In the evening it will be "Dust." W. C. Grover went to Janesville Monday evening. Col. A. H. Hollister, formerly of this place, but for many years a resident of Madison, takes great interest in conventions of all kinds that come to that city. Warren Latta, Edith Latta and Flora Edwards have been chosen from the school here to participate in the contest. A large crook neck squash has been on exhibition here for a guessing contest, and proved to contain 475 seeds. Mrs. Chas. Dresser won the prize, her estimate being 450. The guesses ranged from 35 to 550. It is expected that our school will be admitted to the university list of graded schools. Inspectors have been here looking up the matter.

Emerald Grove, March 10—The funeral services of Lester G. Van Gilder were held Sunday afternoon at 2 o'clock. A large number of sympathizing friends gathered at his late home and Rev. E. H. Pence, of the Presbyterian church of Janesville, officiated. The song service was rendered by a quartette, consisting of Mrs. D. L. Starks, Miss Ida Sweet, R. K. Oyertson and C. Weirich. The pall bearers were the cousins of the deceased, and the interment was in the Turtleville cemetery. He was married Dec., 1897, to Miss Bessie Little of Janesville, who mourn the loss of a devoted husband. He also leaves a mother, sister and three brothers to mourn his untimely death. These sorrowing ones have in their bereavement the heartfelt sympathy of their many friends and neighbors. The many friends of this place were grieved to learn of the death of Mrs. John Wetmore, who died at her home, 57 Oakland avenue, Janesville, on Thursday, March 2. The funeral services were held Sunday at 1:30 from her late home and the interment was in Emerald Grove cemetery. She leaves five sons to mourn the loss of a kind, affectionate mother. Courtland of Whitewater, Frank and Earle of Emerald Grove, R. Grove of Iowa, and Fred

S. of Janesville. Mrs. Wetmore was well known here, having always made her home on a farm three miles east of Emerald Grove until about six years ago, and her genial, social nature won her a large circle of friends. The afflicted sons and friends have the united sympathy of all. Walter Scott of Santa Anna, Cal., visited relatives here last week. Joseph Earle and wife were here from Chicago to attend the funeral of his sister, Mrs. John Wetmore. Mrs. Knill has been very sick with the measles. Miss Flora Boynton visited in Janesville last week. Robert Jones' family are all sick. B. P. Irish and family of Doland, S. D., expect to move on the D. M. Barless farm the last of this month. Miss Jennie D. McArthur and Miss Angie Douglass spent Saturday at D. McArthur's. Miss Agnes Rice closed her winter term of school in the McArthur district this week and returns to her home at Milton Saturday.

Six Corners

Harmony, March 10—Alfred Yates and family started for Concord, Jefferson county, on Wednesday, to spend a week at their old home and with their relatives near there. W. P. Smith delivered potatoes at Janesville this week. Mrs. Frank Wheeler of Whitewater, visited at the home of her brother, L. S. Dickinson, this week. Thomas Dunphy is dangerously ill with pneumonia. His advanced age makes his case very serious. Miss Edith Dickinson, of the county asylum force, visited relatives and friends here Tuesday. The following resolutions of respect were adopted by the W. O. T. U. Whereas, The All Wise Father in his infinite wisdom has removed from our midst, our beloved and esteemed sister, Alice Crandall, He has called her to rest from her labors, and to receive the reward of those who are faithful to their mission. Therefore be it Resolved, that while we bow in humble submission to the will of Him, who "Doeth all things well," we deeply mourn and sympathize with the bereaved family in this hour of their sad affliction, in the loss of their kind and devoted wife and mother. Resolved, That in the death of our sister, this union has lost a valued member, and the community a sincere, christian woman. Resolved, That a page on our record be kept sacred to her memory, inserting these resolutions thereon; that a copy be sent to the family of our deceased sister, and to the Janesville Gazette and Milton Journal for publication. Flora A. Rice, Cora E. Dickinson, Daisy M. Bingham, resolution committee.

West Porter

West Porter, March 10—While sawing wood last Saturday, Mr. Orlando Griffith cut one of his fingers so badly it was necessary for him to go to a physician to have it dressed. Shortly after he reached the doctor's office, his son, Edward, came. He had caught his hand in the saw and mangled his thumb and little finger on his left hand. His thumb was so badly injured that it was necessary to amputate it below the first joint. Those from this vicinity, who have been attending school at the Evansville seminary this winter, are home on a vacation. The spring term begins March 14. Several of the Modern Woodmen attended a Woodmen banquet in Janesville last week. All report a pleasant time. Miss Jennie Sperry won first prize and Miss Ellen Phillips the booby at the crokinole party at Mr. and Mrs. John Sperry's last week. Mr. John Lowery and daughter of LaPorte, Ind., who have been visiting the former's sister, Mrs. Henry Sperry for the past five weeks, returned to their home last Tuesday morning. Mr. and Mrs. Saville Champney visited friends in this vicinity last Sunday. Invitations are out for a dancing party to be given at the Porter Band hall, March 17th. Smart's orchestra is to furnish the music.

Nerves, stomach and liver are all aided by "Orangeine," hence its quick and safe action on colds and headaches.

Johnstown, Center

Johnstown, Center, March 10—February of 1899 is one of the things of the past, and Windy March now reigns, or rather blows. School closed Friday, March 3, for a short vacation before the spring term begins. Mr. Oscar Anderson, of Turtle Lake, visited at G. M. Chandler's Friday last. Mrs. G. M. Chandler returned home with him for a short visit. Mr. and Mrs. Frank Walker are well settled in their new home. Mrs. Frank Randall has recovered from the grip and is able to be about once more. Mrs. White spent a few days of last week with her daughter, Mrs. John McCann, of Mt. Zion. John Briggs is moving into his new home recently purchased of Mr. Fellows. Mr. and Mrs. Will Fellows were in Whitewater last week. Excitement and news are very scarce articles around the Center. The infant son of Mr. and Mrs. James McGowan, who reside near Janesville, was laid to rest in the cemetery at this place Monday afternoon. Mr. and Mrs. McGowan have the sympathy of the entire community in their recent bereavement. Mrs. George Walker and Ernest were in Lima, Monday, to attend the funeral of Mrs. Frank Walker, of that place. Mr. Arthur Aller, of Janesville, was in town Monday.

The many Chicago physicians who now owe "Orangeine" pronounce it a wonderful safe and useful combination.

Willowdale

Willowdale, March 10—Last Tuesday evening Miss Fannie Fitch pleasantly entertained about twenty of her young

friends. The evening was spent in games and other amusements, and it was midnight before the guests departed. Miss Fannie and her father intend to move to South Dakota in about a week, and G. Coryell will then take possession of their farm. Clark Hutton had a severe attack of the croup one night last week. Wm. Jones, of Porter, was in Willowdale on business last Saturday. Miss Anna Little closed her school last Friday on account of the death of her brother-in-law, Lester Van Galder. Frank Hutton purchased a horse at the Snyder auction, Monday. J. G. Helms has been moving his household goods to Janesville the last week. Willowdale received its share of prizes at the Midwinter Fair.

"Everybody who knows headache or grip should know 'Orangeine.'"

BEGGARS' BALL A SUCCESS

At West Side Odd Fellows' Hall Last Evening.

The beggars' ball given at the West Side Odd Fellows' hall last night was a great success socially and financially. It was given under the auspices of the sewing circle of Janesville Lodge No. 171, Daughters of Rebekah. The costumes of many of the participants would make a dummy smile, they being arrayed in any old thing and some of the make-ups were very good. Frank Nicholson and his son, Gail, would have captured the prizes, had there been any offered. There were in the neighborhood of eighty couples present. At 11 o'clock the grand march was announced, after which there were many lightning changes in personal appearances and the merry dancers continued in their pleasure until the midnight hour, when the orchestra sprang the "Home, Sweet Home" waltz. A portion of Smith's orchestra furnished the music.

Rock County Farmers Have Doubts as to Mr. Jeffris' Story

Some Rock county farmers think that thirty-six tons is too much of a load for one team. One of D. K. Jeffris' teams hauled a thirty-six ton load three miles, however, and Mr. Jeffris has a photograph to prove it. The photograph shows an immense pyramid of logs on a low, stubby, lumber sleigh. The load, scaled 9,320 feet and was hauled to the mill Feb. 16, by a team of horses hardly large enough to pull the Janesville fire engine.

"Blessed Hour of Our Dinners"

Said the poet, and the meal is really enjoyable when eaten at the dining rooms of The Mrs. Clark Co., 151-153 Washburn avenue, Chicago, or at the restaurant on the 7th floor of the Association building in La Salle street, which is also run by this company. The cuisine and service are unexcelled.

IS IT A TRIFLE? THAT COMMON TROUBLE, ACID DYSPEPSIA OR SOUR STOMACH.

Now Recognized as a Cause of Serious Disease.

Acid dyspepsia, commonly called heart-burn or sour stomach, is a form of indigestion resulting from fermentation of the food. The stomach being too weak to digest it, the food remains until fermentation begins, filling the stomach with gas, and a bitter, sour, burning taste in the mouth is often present. This condition soon becomes chronic and being an every day occurrence is given but little attention. Because dyspepsia is not immediately fatal, many people do nothing for the trouble.

Within a recent period a remedy has been discovered prepared solely to cure dyspepsia and stomach troubles. It is known as Stuart's Dyspepsia Tablets, and is becoming rapidly used and prescribed as a radical cure for every form of dyspepsia.

Stuart's Dyspepsia Tablets have been placed before the public and are sold by all druggists for 50 cents per package. It is prepared by the F. A. Stuart Co., Marshall, Mich., and while it promptly and effectually restores a vigorous digestion, at the same time is perfectly harmless and will not injure the most delicate stomach, but on the contrary by giving perfect digestion strengthens the stomach, improves the appetite and makes life worth living.

MALITOIA TO BE CROWNED.

Admiral Kautz Sails for Samoa with Significant Orders.

WILL USE FORCE IF NECESSARY

He Is Instructed to Co-operate with the British and American Consuls and Uphold the Decisions of Chief Justice Chambers—Struggle Is Predicted.

Honolulu, H. I., March 1, Via San Francisco, Cal., March 10.—A startling report concerning the Samoan situation was given by an officer of the Philadelphia to a friend here just prior to the sailing of the flagship for Apia. It indicates that there will be lively times in the land of the tripartite treaty.

Before the Philadelphia sailed Admiral Kautz received a long cipher dispatch from Washington. It was two days before it was translated and the response, also in cipher, was made ready for mailing. Then the admiral gave to the officers the gist of his instructions. The Philadelphia sailed the following day for Samoa.

According to the Philadelphia's officer, Admiral Kautz was instructed to uphold all of the recent decisions of Chief Justice Chambers respecting the election of a king in Samoa and of the matters growing out of it. He is to co-operate at once with the American and British consuls and declare Malitoia 'Tann the rightful and legal king.

This person will be placed in authority under the protection of the American and British marines, and Mataafa, who now has the military ascendancy, will be called upon to surrender. Should he refuse to do so, Admiral Kautz is instructed to proceed, by force, if necessary, to establish the authority of the duly elected king, Malitoia Tann.

It is believed here that there will be a struggle, as Mataafa is brave, and as ignorant as he is daring. Besides, he thinks he has the indorsement of and will be supported by Germany.

ILLINOIS LEGISLATURE.

Senate and House Pass Many Bills and Advance Others.

Springfield, Ill., March 10.—Following is the gist of the routine doings in the legislature Thursday:

The house passed the bill appropriating \$250,000 to pay Illinois volunteer soldiers from date of enrollment to date of muster into United States service; also bill appropriating \$65,000 to pay for supplies of drugs, clothing, etc., purchased for volunteers during encampment at Springfield; amended and advanced to third reading Graybill election bill.

The senate passed the bill amending law providing for organization of fire, marine and inland navigation companies so as to make it conform to act creating insurance department; also bill to allow boards of education to establish truancy schools; bill authorizing commissioners of Illinois and Michigan canal to sell canal lands; bill providing for settlement of estates in one instead of two years. Advanced to third reading bill fixing weight of bushel of corn in ear at sixty-eight pounds. Gov. Tanner's report of commission appointed to mark positions occupied by Illinois troops in battle of Shiloh was sent to committee on military affairs. Estimated cost of monuments to mark these positions aggregates \$75,000.

Will Be Called Golden Rod.

Bristol, R. I., March 10.—C. Oliver Iselin has narrowed the consideration of names for the new cup defender down to Golden Rod and Eagle. Golden Rod lays claim to being the national flower, so far as any flower can be said to be national, and as Mrs. Iselin, who will probably sail on the boat with her husband, as she did on the Defender, has become the champion of Golden Rod, that probably will be the name of the new boat.

Race Bill for Wisconsin.

Waukegan, Ill., March 10.—A strong effort is being made to bring about legislation in Wisconsin that will allow the reopening of the Ideal Park racetrack over the state line, near here.

The bills in the senate and house provide for thirty days' racing on which pools may be sold. It is reported that there is plenty of money ready to push the measure through.

Kipling, Able to Be Moved.

New York, March 10.—Rudyard Kipling was so far improved Thursday as to be able to bear removal from an inner room looking upon the court of the Hotel Grenoble to the fifty-sixth street parlor of his suite. Elsie Kipling is practically out of danger. Mr. Kipling is taking solid food. He has not yet been told of his daughter Josephine's death.

Panchofote Is Selected.

London, March 10.—The Daily Graphic says it understands that Sir Julian Panchofote, British ambassador at Washington, has been appointed to represent Great Britain at the forthcoming conference for the limitation of armaments.

Oklahoma Statehood Bill Vetoed.

Wichita, Kan., March 10.—Gov. Barnes of Oklahoma vetoed the statehood bill on the ground of the expense of various elections and because he believed single statehood to be the ultimate future of the two territories.

Havana Much More Healthy.

Washington, March 10.—Gen. Ludlow has cabled to the war department from Havana that the deaths in that city for February, 1899, are 51 per cent less than for February, 1898.

Nerves on Edge

Could not Concentrate my Thought; Could not Sleep an Hour at a Time without Walking; Was Almost Distracted After Years of Suffering I Was Cured by

Dr. Miles' Nervine.

When the nervous system is so run down and worn out that sleep refuses to come to its relief, the life forces are rapidly consumed and both physical and mental faculties soon lose all power of recuperation. Nerve force is necessary to run the human machine and must be supplied from some source or it breaks down. Dr. Miles' Restorative Nervine nourishes those organs that are most in want. It soothes the irritated nerves, brings rest and refreshing sleep to tired brain, and cures nervous disorders of every kind. The following letter will be interesting reading for those who are suffering from nervous troubles.

"For a number of years I suffered severely from nervous prostration. I could not concentrate my thoughts, and was unable to confine myself to any one thing. For years I could not direct the affairs of my household, and could have no care whatever. There was not a night in all that time

that I slept over one hour without waking; and when I would awake my nerves would be so unstrung and feel as if they were on edge. My stomach was very weak, and I suffered greatly from severe headaches. We spent several hundred dollars with doctors and for various proprietary medicines, but it was of no use. After having been taken to Chicago, and having been treated by some eminent specialist, from whom I received no benefit whatever, I became almost distracted. I saw an advertisement of Dr. Miles' Restorative Nervine, and I procured a bottle and used it according to directions. Its effect upon me was marvelous. The very first night I slept soundly, and awoke in the morning feeling rested. I continued taking the medicine until my health was fully recovered, and although I am past seventy-seven years of age I am doing my own work. The sleepless nights, the worry and tired feeling are now a thing of the past and I feel many years younger." Mrs. W. A. Thompson, Columbus, Wis.

Read what Capt. J. W. Wood, of

steamer "Governor Safford," whose home is in Brunswick, Ga., says of this great medicine: "It affords me great pleasure to recommend Dr. Miles' Nervine, because I have tested it and know its worth. Overwork and loss of sleep brought on attacks of extreme nervousness and irritability and rendered me unfit to attend to business, and from which I could find no relief. A friend recommended me to try Dr. Miles' Nervine, and I began using it at once. I obtained benefit from the first bottle and in a few weeks I was restored to my usual good health."

Sample Treatment Free.

A trial package of Dr. Miles' favorite treatment for consisting of Dr. Miles' Restorative Nervine, Dr. Miles' Anti-Pain Pills and Dr. Miles' Nerve and Liver Pills, will be sent absolutely free of cost to any person sending name and address on a postal card, requesting the samples, and mentioning the name of this paper address

HORSE RACING MAY BE RESUMED HERE

PETITIONS BEING CIRCULATED THROUGH THE CITY.

Thousand Signatures Obtained in Janesville by Persons Who Wish to See Assemblyman McGrath's Bill Passed—Would Mean Additional Sport For the Bower City.

During the past few days, petitions have been circulated throughout the city by persons who are interested in again having horse racing events held in Janesville and the same have been freely signed.

To bring this about, pool selling would first have to be permitted and to allow this, requires the passage of Assemblyman T. J. McGrath's pool selling bill now before the state assembly.

This bill is looked upon as being a repeal of the law which was passed two years ago prohibiting pool selling in this state.

A local well known business man who had one of the petitions in charge, said that they had already fully a thousand signers here in Janesville who wanted their annual speed meets again held in the Badger state.

This same movement is also in hand all over the state and if either the senate or assembly bills, which are now in for the amendment of the present anti-pooling law, should be adopted, the public can be pretty certain that next season will see horse racing resumed in Janesville.

The bills which have been presented in both the senate and assembly are just alike, and both provide for thirty days' racing in Wisconsin, on which pools may be sold. With thirty days' racing at each track in Wisconsin, it would give sixty days in this state, which is just about the time that those who operated the racetracks before the passage of the law want. These men, too, are getting exceedingly active in behalf of the bills, and it is said have already a fund of \$20,000 on hand with which to promote their passage.

Senator J. H. Green, of Milwaukee, is the father of the pool selling bill in the senate, while Assemblyman Wheeler is the patron of the assembly measure on the subject. Mr. Green claims he introduced his measure under the belief that it related solely to trotting racing and that he is as much opposed to running race pools as any one.

A GUARANTEE IS NECESSARY

To Secure Otis Skinner Who Would Appear in "Rosemary."

It goes without saying that the theatre-goers of Janesville would be delighted to see Otis Skinner, who, should he come, will appear in "Rosemary." Manager Myers is continually on the alert, endeavoring to book attractions that are pleasing and it now rests with Janesville people to secure this attraction. Mr. Myers has had the open date of Saturday evening, March 25, offered him, but there is a large guarantee connected. Manager Myers is anxious to bring this great artist of the stage here if the people will stand back of him. Sign for subscription seats and do your part towards securing this grand attraction. There should be no difficulty experienced in securing this guarantee for Mr. Skinner is held in the very highest esteem by all who have seen him in former productions. Those who saw his marvelous masterpiece, "Shylock" have been eager to see him in other plays. Should Mr. Skinner appear here he will present "Rosemary," John Drew's great success. Otis Skinner ranks high in his profession and his appearance here would be a rare treat for Janesville people.

The list will be at the box office Monday morning. Prices will not exceed one dollar. Those taking advantage of signing the list will have choice of seats.

LEAF GROWERS WILL BE MORE PLENTIFUL

GOOD PRICES THIS SEASON THE REASON.

Several Hundred More Acres Will Be Planted This Summer in the Badger State—Balance of Last Year's Crop Being Now Eagerly Sought By the Buyers.

The buying of the '98 tobacco crop is still being prosecuted with a good deal of vigor in most of the growing sections with indications that there will be but very little let up until the crop is gathered in. The movement has carried with it an upward tendency of prices from the very opening of the market, and the growers bid fair to receive more for their tobacco crops this year than for several seasons past. The bulk of the choicer selections have brought from 6 to 7 cents very readily, and even the storm dampened tobacco brings strong export prices. Good judges estimate that from 75 to 80 per cent. of the crop has already passed out of first hands and at the present rate of buying a few weeks more will see the balance of the crop gathered in. It is seldom that so much of a crop is bought up at as early a date, and especially in the bundle. The satisfactory prices obtained by growers this year will prove a great temptation to increase the acreage devoted to tobacco the coming season, which if carried beyond a moderate limit, will be of grave danger to the industry. Wisconsin is already producing more cigar leaf than any state in the country, and the market can be easily overstocked.

The deliveries at the warehouses in the packing centers continues large and most of the dealers have stocks of bundle goods on hand sufficient to last until the advent of warm weather.

Joseph Cullmans and H. Landsberg, of Philadelphia, are late arrivals of tobacco men in the state.

TO QUIT APRIL 14.

Illinois Solons Establish New Record for Early Adjournment.

Springfield, Ill., March 10.—The Forty-fifth general assembly has voted to adjourn sine die April 14, the earliest date ever set under the constitution of 1870.

This date of April 14, if adhered to, leaves the session just five weeks more, or fifteen working days. Only three days of work a week can be counted. The appropriation bills, the necessary legislation of the session, are forward rather more than usual, and it is claimed they can be finished in time for adjournment April 14. But there is little hope of passing any other bills.

If the members want to rescind their action for adjournment April 14 they must take the first step toward reconsideration today. It might be possible later in the session, if it becomes certain that the business cannot be finished in time, to pass another resolution for a later date or to make a new joint rule. But such an action would raise the constitutionality of any measure passed after April 14.

An effort to put the date further off will likely be made today by means of a motion to reconsider.

State Patronage Bill Passed.

Madison, Wis., March 10.—Senator McGillivray's bill to divide the state patronage by counties passed the senate Thursday and will be before the assembly early next week. An amendment was adopted excepting from its provisions teachers in educational institutions.

The good-roads movement got a setback in the assembly when the senate resolution for a constitutional amendment allowing state aid in building better roads came up for concurrence. The bill was referred to the judiciary committee by a vote of 48 to 85. Many minor bills were advanced and passed in both houses.
